

INVITATION

NEWEX International Conference on Processing of Composites and Nanocomposites Materials

2-4 May 2022, Funchal, Madeira, Portugal

The conference is organized by the H2020 **NEWEX** project entitled **Investigation and Development of a New Generation of Machines for the Processing of Composite and Nanocomposites Materials**, hosted by Lublin University of Technology, University of Minho and Technical University of Kosice.

The event will host several keynote lectures and presentations from researchers within the NEWEX H2020 research and training network, financed by European Commission through the Marie Skłodowska-Curie Actions of H2020, a Research and Innovation Staff Exchange (RISE) project.

We would like to invite you to submit an abstract to this conference. The conference aims to bring together specialists from Universities, Research Institutions and Industries in the field of polymer processing, covering all aspects related with processing of composite and nanocomposite materials, and computational modelling and optimization related with those processes.

Venue

Meliã Madeira Mare Resort Hotel & Spa, Funchal, Madeira, Portugal.

Scientific organising committee

Janusz Sikora, Lublin University of Technology, Poland
Ľudmila Dulebová, Technical University of Kosice, Slovakia
António Gaspar-Cunha, University of Minho, Portugal

Form of presentation

Keynotes of 40 minutes and regular presentations of 20 minutes.

Important dates

Submission of 1 page abstract: 31 December 2021
Acceptance: 15 January 2022
Submission of 4 pages extended abstract: 28 February 2022
Registration and payment: 28 February 2022
Conference: 2-4 May 2022.

Conference fees

The conference fees are to cover the expenses of organization.
Member of the NEWEX project: free
Other delegates: € 150.00
